

Where To From Here?

A Brief Look at the Vision of Grace Point Church

Vision

We suggest the following nine vision principles guide our planning and priorities for the coming years:

1. We believe the essential missional task of the church is to hold out the hope of Jesus Christ to those who are not yet followers of Him (Mt. 28:19–20). We desire to love God, live His mission; love people and lead them to follow Him.
2. Believing the family to be a primary means of continuing the Christian faith and accomplishing world evangelization, we will lead the way with a comprehensive parent and family ministry emphasis.
3. We believe in using modern technology to maximize the impact and communicate the mission of this local body on a consistent basis.
4. Healthy relationships are important to us. We believe that emotionally healthy spirituality is essential to everyone's spiritual journey. We also believe that Grace Groups (small groups) are essential for maintaining emotional and spiritual health and growth.
5. We believe that team-oriented, personality/gift shaped passion and consistent prayer are all important in the ongoing ministries of the church.
6. Leadership training is important to us and we will seek to provide every opportunity for men and women to grow spiritually, relationally, emotionally, etc.
7. We believe in nurturing fresh, participatory, inspirational and celebratory corporate worship experiences every week. Teaching God's Word is a natural part of our regular worship gatherings.
8. We wish to be accountable and to evaluate regularly all we do to make sure that we stay true to our vision and mission.
9. Leadership and structure will be flexible enough to remain effective in our rapidly changing culture yet provide us with needed administration.
